Bullying

BP 5131.2

Students

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

(cf. 5131 - Conduct)

(cf. 5136 - Gangs)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

****Note: Pursuant to Education Code 32261 and 48900.2-48900.4, the definition of "bullying" for purposes of establishing grounds for suspension or expulsion includes bullying via an electronic act such as posting of messages on social media networks.****

****Note: In addition, Penal Code 653.2 makes it a crime for a person to distribute personal identity information electronically with the intent to cause harassment by a third party and to threaten a person's safety or that of his/her family (e.g., placing a person's picture or address online so that he/she receives harassing messages). Penal Code 288.2 makes it a crime to send a message to a minor if the message contains matter that is sexual in nature with the intent of seducing the minor (i.e., sexting).****

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)

Bullying Prevention

To the extent possible, district/school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

(cf. 5137 - Positive School Climate)
(cf. 6164.2 - Guidance/Counseling Services)

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.94 - History-Social Science Instruction)
(cf. 6163.4 - Student Use of Technology)

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

Based on an assessment of bullying incidents at school, the superintendent or designee may increase supervision and security in areas where bullying most often occurs.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so.
(Education Code 234.1)

When appropriate, the superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

****Note: Districts have the authority to monitor student use of the district's Internet system and to conduct individual searches of student accounts if there is reasonable suspicion that a user has violated district policy or the law; see BP/AR 5145.12 - Search and Seizure and BP/AR 6163.4 - Student Use of Technology.****

When a student is reported to be engaging in bullying off campus, the superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact

or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the superintendent/principal, or other employee so that the matter may be investigated.

When a student uses a social networking site or service to bully or harass another student, the superintendent/principal or designee shall file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.
