

WOULD YOU BE A "BALLARD BUDDY" FOR A NEW FAMILY?

Unbelievably, it's getting close to 'back to school!' We have several new families starting at Ballard and want to give them an extra special Ballard welcome and great support. So, we are looking for families to volunteer to be a Ballard Buddy! It's easy & doesn't require much effort or time! Here's how it works:

- you will get the name & contact information for your family
- give them a call and/or email right before school starts – ideally you offer to chat or meet up with them if possible
- be willing to share your enthusiasm and knowledge about Ballard – answer questions, introduce them around, make them feel WELCOME!
- continue to connect in those first few months as feels natural

That's it! Let me know if you will be a buddy or if you want more information about what's involved.

All my best,

Amy K Musson
